THE MORINDA OPPORTUNITY

The Product

TAHITIAN NONI® JUICE IS TRULY AN INCOMPARABLE PRODUCT AND THE DRIVING FORCE BEHIND THE MORINDA BUSINESS OPPORTUNITY.

TAHITIAN NONI juice has:

- ✓ Never been commercially available
- ✓ Never been advertised
- ✓ Never been commercially cultivated
- ✓ Been used for over 2,000 years

Morinda spent over three years researching this product before bringing it to the market, learning the best way to harvest, process and package TAHITIAN NONI juice. We brought TAHITIAN NONI juice to the market and know how to assure a constant and reliable supply.

Morinda's Unique Business Philosophy

We insist that:

- ✓ Full commissions always be paid on our products!
- ✓ Shipping and handling will never be a profit center!
- ✓ Sales aids and literature will always be sold at the lowest possible price!

Full Commissions Will Always be Paid on Our Products!

We believe that each distributor should expect to get paid commissions on 100% of the whole-sale value of the product. We wouldn't do it any other way!

Shipping and Handling will Never be a Profit Center.

We are not in the shipping business. We set our shipping and handling charges to allow the company to break even. If rates go up or down, we will adjust costs to pay actual expenses—no more, no less.

Sales Aids and Literature will Always be Sold at the Lowest Rates Possible

We believe that the easier we make it to send out promotional materials, the greater the

number of people who will learn about TAHITIAN NONI juice. So it makes sense for us to price our sales aids and promotional materials at the lowest price possible.

AS A NEW DISTRIBUTOR YOU WILL WANT TO TAKE ADVANTAGE OF THE MORINDA FAST START INCOME SYSTEM. THIS PLAN GETS THE MONEY YOU MAKE INTO YOUR POCKET MORE QUICKLY AND PROVIDES A FANTASTIC MOTIVATION TO BUILD YOUR BUSINESS.

The Morinda FAST START Income System means:

- ✓ Quick income for beginners
- ✓ Amazing rewards for committed builders
- ✓ Balanced compensation for all levels of distributors
- ✓ Rewarding innovations never before been seen in networking

Then as your business grows the 8-LEVEL MAX PAYOUT helps you establish a reliable income you can depend on. This is a basic payout royalty, based on monthly qualification.

A distributor can earn retail profits two ways:

- ✓ The distributor may purchase the product at wholesale (in cases) and in turn sell it for the retail price, realizing the difference as retail profit.
- ✓ If a personally-sponsored distributor purchases a product in single bottle quantities, that personal sponsor will receive the difference between wholesale and the amount that the distributor paid.

The basic royalty plan is an eight-level structure divided into the beginning or entry-level position (distributor) and the leadership positions. Each position carries with it increasing pay-outs as your business grows.

Wealth Building Bonuses

WEALTH BUILDING BONUSES allow top distributors to earn greater income from elite, shared bonus pools. At this level, these bonuses allow you to have the life you've always wanted and provide for your family in ways you have only dreamed of!
